

# REVERSIBLE TOTE BAG

## Project Requirements:

1 Yard Focus Fabric

1 Yard Coordinate Accent Fabric

Matching thread colour

## SUPPLIES:

- Sewing machine in good working order with manual, presser feet (basic, 1/4" foot, etc) attachments, and foot controller.
- Sewing Machine Needles – Microtex (Sharp) 80/12 or Quilting 75/11
- Rotary cutter – 45mm. These are really sharp, so the preferred one has an ergonomic handle. The blade retracts when you are not using it.
- Fabric Scissors
- Cotton thread in a neutral colour – Gray or beige 50 weight. Both Aurifil (2ply) and Gutterman(3 ply) will work. The Aurifil does not take up as much room in the seam.
- Pins – fine with glass heads. I like Clover Silk Pins as they easily go through the fabric
- Seam ripper
- Small scissors or thread snips
- Notebook and pen
